June 2026

Dear Hiring Manager,

I am writing to express my interest in joining your organization as a Web Developer, Graphic Designer, or in any role where my skills in digital design and technology can create meaningful impact. As a Bachelor of Science in Information Technology student at Caraga State University and a self-driven creative professional with nearly four years of hands-on experience, I am confident in my ability to contribute effectively to your team from day one.

On the technical side, I am proficient in frontend development using HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, and Vue.js, with working knowledge of backend technologies including PHP, Java, and Python, as well as database management using Supabase and PostgreSQL. I apply these skills to build clean, responsive, and user-friendly web applications. During my internship at the Department of Migrant Workers (DMW) in Butuan City, I developed a procurement planning and inventory management system that significantly improved data tracking, accuracy, and operational efficiency — demonstrating my ability to deliver practical solutions in a professional environment.

Beyond development, I bring strong creative expertise as a Graphic Designer and Video Editor. I am experienced in Adobe Illustrator, Photoshop, Premiere Pro, and After Effects, and I use these tools to produce compelling visuals, social media content, YouTube thumbnails, and branded materials. I also have experience in UI/UX design, photography, transcription, and data entry — making me a versatile contributor capable of supporting various aspects of a modern digital team.

I am a collaborative team player with strong communication skills, a keen eye for detail, and a genuine commitment to delivering quality work on time. I am a fast learner who thrives in dynamic environments and takes ownership of every task I am given. I am driven not only by technical results, but by a desire to contribute to the growth and success of the people and organizations I work with.

I would welcome the opportunity to discuss how my background, skills, and enthusiasm align with your needs. Please feel free to reach out to me at your convenience — I am always open to a conversation.

Thank you for your time and consideration. I look forward to hearing from you.

Respectfully yours,

GLOMER P. CELESTINO
